Proposed Courses for Continuing Education, CE - Worksheet

Name _____

I desire to take the CE course(s) for credit_____not for credit _____. (Check one)

Normally Continuing Education, CE courses are not intended to be applied later for a degree. However, you do have the option of either taking courses FOR credit or NOT for credit, which could, at a later date, be applied toward a degree at **Saint Stephen Harding Theological College and Seminary,** Tuition and fees differ.

You also have the option of taking courses already in our catalog or creating your own by using The Course Development Work Sheet.

Using this Work Sheet you may list one or more CE courses you would like to take using the catalog number and course title or submit your own courses title.
